## HIGHLIGHTS

### **ARE YOU PLANNING ACTIVITIES IN YOUR COMMUNITY TO PROMOTE GOOD HEALTH?**

The Bureau of Genetics and Healthy Childhood (GHC) has "scroll pens" and pedometers available through the "It All Counts" Facebook page for local public health agencies (LPHA) and other healthcare/social services providers to distribute at health fairs or in their agencies to women of childbearing age for the purpose of educating them on healthy living and to promote the benefits of leading a healthy lifestyle for good preconception health, healthy pregnancies, healthy birth outcomes, and health in general throughout their lifespan. The "It All Counts" Facebook page was developed through the First Time Motherhood Grant funded by the Health Resources Services Administration (HRSA). For information on obtaining these pens or pedometers for your event, contact Karen Schenk or Leslie Seifert at 573-751-6266.

### **DHSS PARTNERS WITH PFIZER TO DISTRIBUTE REMINDER/RECALL CARDS**

The Missouri DHSS is partnering with Pfizer Inc., to ensure children in Missouri are adequately immunized. In the coming weeks, utilizing TeleVox Software, Inc. reminder cards provided by Pfizer Inc., will be distributed to parents or guardians of children who are one immunization away from being fully protected against vaccine-preventable diseases. Only children whose records are included in ShowMeVax, Missouri's immunization registry will receive the reminder. A message on the reminder card encourages parents and guardians to contact their medical provider or a local public health agency to receive the needed immunization. If you receive a call from a parent or guardian who believes their child's record is inaccurate, please update the record in ShowMeVax or fax the most current immunization record to the Bureau of Immunization Assessment and Assurance at 573-526-0238 for updating. Please feel free to contact the Bureau of Immunization Assessment and Assurance at 573-751-6124, if you have any questions.

## VACCINES FOR CHILDREN (VFC) SITE VISIT UPDATE

This year's site visit will include the addition of adolescents born in 1998 and 13 years of age by 12-31-11. LPHA's are not required to conduct chart audits for the adolescents. However, chart audits by the LPHA's will allow you to disassociate or Moved or Gone Elsewhere (MOGE) children so they do not count towards your rates. If you do not have the time to disassociate or MOGE, your rates will include those children, which will likely lower the rates. The Bureau of Immunization Assessment and Assurance is working hard to raise all immunization rates in Missouri. Currently, the only adolescent data that we have is the National Immunization Survey. One way of determining Missouri's immunization rates is with VFC provider data from ShowMeVax and/or Comprehensive Clinic Assessment Software Application (COCASA). This data allows us to target certain immunizations or areas with low rates and provide education, technical assistance, etc. to assist with raising the rates.

## COLUMBIA SAFE KIDS DISCOVERY DAY EVENT ON JUNE 23

Please join the University of Missouri Children's Hospital and Columbia Safe Kids as they introduce Safe Kids Discovery Day. The event includes many free activities like exploring a fire truck, learning about trunk entrapment, bicycle helmet fitting, and many more. There will also be local stage entertainment. For more details follow this link <http://www.muhealth.org/safekids>.

## PROTECT YOUR GROUNDWATER DAY IS SEPTEMBER 11

September 11 is Protect Your Groundwater Day. This annual recognition is promoted by the National Groundwater Association (NGWA) to spotlight how individuals can protect and reduce health risks to an important drinking water source for rural America—groundwater. Click [here](#) to read more about Groundwater Day.

## RELEASE OF SMOKING CESSATION FOR PREGNANCY AND BEYOND: A VIRTUAL CLINIC

The Interactive Media Laboratory at Dartmouth Medical School, in collaboration with the American College of Obstetricians and Gynecologists, and the Centers for Disease Control and Prevention (CDC) is pleased to announce the release of an updated interactive web-based program, **"Smoking Cessation for Pregnancy and Beyond: A Virtual Clinic"**. This on-line training is designed for health care professionals to enhance their skills in assisting pregnant women to quit smoking. The curriculum teaches a best-practice approach for smoking cessation, the 5A's, and is based on current clinical recommendations from the United States Public Health Service and the American College of Obstetricians and Gynecologists. Participants practice cessation counseling through interactive patient simulations and case discussions and learn to apply motivational interviewing techniques. The target audiences of the program are physicians, physician assistants, nurse-midwives, registered nurses, licensed practical/vocational nurses, nurse practitioners, certified health educators, other health educators, pharmacists, health professional students, and other health professionals that may interact with women of reproductive age. The cost is \$25.00 per user. Up to 4.5 hours of continuing education credits are available at [www.cdc.gov/TCEOnline](http://www.cdc.gov/TCEOnline). For more information, please go to: [www.smokingcessationand](http://www.smokingcessationand).

## GRANT OPPORTUNITIES

Attached you will find the funding updates for May 22 from the Federal and Foundation Assistance Monitor (FAM). FAM is the one service that for nearly 25 years has focused exclusively on private and federal grant opportunities for a wide range of key, community-based programs, including housing, job training, social services, education, youth and family services, and much more.

## **MISSOURI VOTER REGISTRATION CARDS**

DHSS has been working closely with the Missouri Secretary of State's Office (SOS) in promoting Voter Registration in Missouri. Currently voter registration cards are handed out by the local public health agencies (LPHA's) to all Women, Infants and Children (WIC) clients, and the cards have the following version number in the bottom left corner: MO 231-0167 (WIC/MVR-1). The SOS office would also like to remind agencies of the version number for non-WIC applicants is MO 231-0169 (BVR-1). Agencies are able to order postcards to make available to all visitors of their agency, both voter applications can be requested the same way (see form). These postcards will need to be filled out by the applicant and mailed to the County Clerk's office for the county in which the applicant resides. Please fax your request to the DHSS warehouse at 573-751-1574.

## **WIC UPDATES**

The WIC Updates have been posted to the WIC web page. You can view the updates at <http://www.health.mo.gov/living/families/wic/wicupdates/index.php>. This week's updates include:

- "Using Loving Support to Grow and Glow in WIC" Training in St. Charles
- Removal of "LIPIL" from Formula Descriptions
- Beechnut Tear Pads
- May WIC Invoices
- 2012 WIC Conference
- Local WIC Provider Survey on Outreach

## **DHSS CORNER**

### **DHSS JOB OPPORTUNITIES/NEWS:**

#### **PUBLIC HEALTH NURSE - Cape Girardeau**

The Bureau of Special Health Care Needs has an opening for a Public Health Nurse service coordinator for the southeast area. This position requires Missouri licensure as a Registered Nurse. Experience in provision of service coordination or services for individuals with special health care needs preferred, as is home care/home health and pediatric experience. Must possess the ability to conduct home visits in a culturally competent manner, to conduct assessments, and to prior authorize medically-necessary in-home services. Must be computer literate. Occasional overnight travel is required. Frequent contact with health care professionals and participation with community agencies required. Submit letter of interest, and resume to Jennifer Newberry, [jennifer.newberry@health.mo.gov](mailto:jennifer.newberry@health.mo.gov) by June 15. AA/EEO Employer

#### **PUBLIC HEALTH NURSE - Kennett**

## **MEETINGS, CONFERENCES, AND TRAININGS**

### **THE IMPORTANCE OF INTEGRATED PEST MANAGEMENT COURSE – June 12-14**

Insect and rodent control is a basic response function of local health departments. However, diseases associated with these pests continue to remain a major cause of human death and suffering worldwide, even though the majority of these diseases are preventable. The primary purpose of this training is to provide strong foundational knowledge in the science of integrated pest management (IPM) which will enable environmental health professionals to effectively reduce or eliminate disease threats and other health concerns from vectors and public health pests. Click [here](#) to view the course flyer. Participants may also call government training staff at 816-701-8234 or e-mail [bwilson@marc.org](mailto:bwilson@marc.org) to register.

### **MISSOURI NURSES FOR PUBLIC HEALTH MEETING – June 14**

The next meeting of Missouri Nurses for Public Health (MNPH) will be held from 10:00 a.m. until 2:00 p.m. on June 14 in Seymour. The agenda will address ***Cultural Diversities of the Health and Healing in the Amish and Mennonite Communities***, the quarterly business meeting, and a tour of the Colonel Thomas C. Love house and Amish store. All nurses are welcome! Please RSVP to Linda Maddux, MNPH Secretary, at [lmaddux@springfieldmo.gov](mailto:lmaddux@springfieldmo.gov) if you plan to attend, or have questions. The meeting will be at Cakebabyz Bakery and Tea Room, 111 South Commercial, Seymour, <http://www.cakebabyz.com/index.html>. If needed, detailed directions can be provided with RSVP. Lunch will be available for approximately \$8.00 a person.

### **PRACTICAL APPLICATION OF SEASONAL AND PANDEMIC INFLUENZA VACCINATION ASSESSMENT (SPIVA) TOOLKIT ASSESSMENT METHODS WEBINAR – June 14**

The SPIVA Toolkit was created by the San Francisco Bay Area Advanced Practice Center (APC) to help local health department staff prepare for future influenza pandemics by practicing their survey, assessment, and implementation skills each year during seasonal influenza. Registration for this webinar is required and limited to the first 100 registrants. To register go to <https://www4.gotomeeting.com/register/565335375>. Once the host approves your request, you will receive a confirmation e-mail with instructions for joining the meeting. Please see the attached [flyer](#) for more information. If you need to contact us, please do so at [lmshelp@slu.edu](mailto:lmshelp@slu.edu).

### **8<sup>TH</sup> ANNUAL WOMEN'S HEALTH UPDATE CONFERENCE – June 14 and 15**

Nursing Outreach at the MU Sinclair School of Nursing is pleased to present the 8th Annual Women's Health Update for Advanced Practice Registered Nurses, with this year's focus on obesity, pregnancy, and healthy lifestyles. A diverse group of nurse practitioners from across the state who are engaged in active clinical practice, education, and research has planned this day with your needs in mind. Specific content for this year's event is in direct response to suggestions from last year's participants including motivational interviewing, vague symptom workup, bariatrics, diet, and exercise. See [flyer](#) for additional details.

### **ENVIRONMENTAL HEALTH BEYOND THE NORM WORKSHOP – June 20**

Ice storms, snow storms, tornadoes, and flooding are common natural disasters in the Midwest and require a variety of emergency responses depending on the severity and length of the event. For relatively short events or events that affect a small geographical area, the responsibilities of environmental health staff may not change dramatically from their day-to-day responsibilities. However, large-scale events that affect populations for extended periods of time may present some different challenges for local environmental health staff. This workshop will encourage attendees to openly discuss some of the challenges they might face during a major weather event and different approaches they might take to meet those challenges. See the attached [flyer](#) for details. Participants may call government training staff at 816-701-8234 or e-mail at [bwilson@marc.org](mailto:bwilson@marc.org) to register.

### **CENTERS FOR MEDICARE AND MEDICAID SERVICES (CMS) CENTRAL WEBINAR – June 20**

Please join the Centers for Medicare and Medicaid Services (CMS) regional offices for an informative webinar on Version 5010 for health care providers, clearinghouses, vendors, and others. Version 5010 refers to the standards that Health Insurance Portability and Accountability Act (HIPAA)-covered entities must use when electronically conducting certain health care administrative transactions, such as claims, remittance, eligibility, and claims status requests and responses. Health care organizations that submit transactions electronically are required to upgrade from Version 4010/4010A to Version 5010 transaction standards. To be compliant, organizations must use Version 5010 to send and receive claims and all other HIPAA-adopted electronic transactions starting January 1, 2012; however, CMS has implemented an enforcement discretionary period, which is in effect through June 30. To register go to: <http://registration.intercall.com/go/cms2>.

### **G400-ICS400 ADVANCED INCIDENT COMMAND SYSTEM – June 20 and 21**

Region B and the University of Missouri Fire and Rescue Training Institute (MU FRTI) has scheduled the *G400-ICS400 Advanced Incident Command System* class for June 20 and 21 in Macon. Lodging and meal reimbursement will be provided for eligible individuals. See the attached [brochure](#) for registration information. We are still short the minimum number of required students. Please encourage qualified individuals to attend so we don't have to cancel the offering.

### **FINDING FUNDING TO FIGHT CHILDHOOD OBESITY AUDIO CONFERENCE – June 21**

The severity of childhood obesity in the United States was brought to light by First Lady Michelle Obama's "Let's Move" initiative, and since then, more and more private and federal funders are providing financial support for nationwide efforts to tackle the problem. Join veteran grants analyst Frank Klimko, editor of Children and Youth Funding Report, and long-time grant writer Ray Sweeney, editor of Federal and Foundation Assistance Monitor, for a 75-minute audio conference on June 21, to explore a wide range of childhood obesity funding opportunities and how you can best position your organization to win funding. For more information or to register, just go to <http://www.cdpublications.com/store/258>.

### **G108 COMMUNITY MASS CARE MANAGEMENT (APS ELECTIVE) – July 11 and 12**

This is a two-day course aimed to equip emergency management staff and voluntary agency personnel with the knowledge and skills necessary to perform as effective mass care coordinators in a broad range of disaster situations. The course covers how to plan mass care, recruitment, training, and exercises for mass care personnel, and actions to take in short-term and long-term care operations (response and recovery). See the [attached brochure](#) for registration. Lodging and meals are provided to eligible students traveling more than 50 miles one way to the training site.

#### **\*DATE CHANGE\***

**The date for the below class has been changed to July 12**

### **STRATEGIC NATIONAL STOCKPILE (SNS) TRAINING FOR INVENTORY MANAGEMENT – was June 20 now July 12**

This training will cover an overview of the SNS program and allow participants hands on experience using the SNS Missouri Health Strategic Architectures and Information System (MOHSAIC) ordering system. The training will be held at the Moberly Area Community College, 2105 East Normal Street in Kirksville. Objectives for the course are to learn how to set up a virtual warehouse, order supplies, and track items using an Excel spreadsheet. To register for this training and to check out the different sessions, please go to the following URL: [www.health.mo.gov/training/mohsaictraining.php](http://www.health.mo.gov/training/mohsaictraining.php).

### **FUNCTIONAL NEEDS SUPPORT SERVICES (FNSS) IN GENERAL POPULATION SHELTERS – July 17**

This workshop provides planning guidance that can be incorporated into existing shelter resourcing plans to meet access and functional needs in general population shelters, whether government, non-government organization (NGO), faith- or private-based to meet the access and functional needs of children and adults. It is intended to provide assistance in understanding the requirements related to sheltering children and adults with functional support needs in general population shelters. This workshop reviews the requisite federal guidelines identifying methods of achieving a lawful and equitable program through the delivery of FNSS for children and adults. See the [attached brochure](#) for registration information. Lodging and meals are provided to eligible students traveling more than 50 miles one way to the training site.

### **SAVE THE DATE – FARMERS MARKET ISSUES WORKSHOP – July 24 and 25**

A one-day workshop covering issues associated with Farmers Markets will be offered on July 24 and again on July 25, at the DHSS Wildwood campus at 930 Wildwood in Jefferson City. Workshop content will be identical each of the two days, and attendees may choose which of the two days they prefer to attend. Topics covered will include requirements dealing with processed foods such as jams and jellies, acidified foods, and baked goods, as well as covering information on selling produce, eggs, meats, wild game, poultry, and home prepared foods. A complete workshop agenda will follow in the near future. The workshop is jointly sponsored by the Missouri Food Safety Task Force under a grant from the United States Food and Drug Administration and by the Missouri DHSS. The Task Force will be able to reimburse travel expenses for workshop participants. For additional information, please contact Mary Fandrey at [mary.fandrey@health.mo.gov](mailto:mary.fandrey@health.mo.gov) or Kathy Sale at [Kathy.sale@health.mo.gov](mailto:Kathy.sale@health.mo.gov).

## **9<sup>TH</sup> ANNUAL SHOW ME SUMMIT ON AGING AND HEALTH – August 22-24**

The 9<sup>th</sup> Annual Show Me Summit on Aging and Health will be held at the Capitol Plaza Hotel in Jefferson City on August 22-24. The Summit will feature training tracks relating to advocacy, senior center management, chronic disease management, exercise, falls prevention, stroke rehabilitation, resource development, and care transition topics. The event will kick off with a keynote address from Martha Roherty, Executive Director of the National Association of States United for Aging and Disabilities. Margaret Donnelly, Director of DHSS, will provide the state perspective on aging, advocacy, and awareness. A complete program and list of events, as well as general information about the entire conference, including exhibit and sponsorship information, is available on the website or by e-mail at [cedwards@ma4web.org](mailto:cedwards@ma4web.org). Registration for the conference can be completed on-line by going to [www.ma4web.org](http://www.ma4web.org) or print a form to mail at <http://www.ma4web.org/wp-content/uploads/2012/03/Invitee-Registration-Form.pdf>.

## **SOCIAL MEDIA FOR NATURAL DISASTER RESPONSE AND RECOVERY TRAINING OPPORTUNITY – September 5**

The Missouri Office of Homeland Security, in conjunction with the Springfield/Greene County Office of Emergency Management, and the University of Hawaii National Disaster Preparedness Training Center (UH-NDPTC), has scheduled the *Social Media for Natural Disaster Response and Recovery* class at the Greene County Public Safety Center in Springfield on September 5. See the attached [brochure](#). Lodging and meal reimbursement will be provided for eligible personnel.

## **MGT386 ADVANCED CRISIS COMMUNICATIONS STRATEGIES FOR PUBLIC SAFETY COMMUNICATIONS SUPERVISORS – September 18 and 19**

The Missouri Office of Homeland Security, in conjunction with Ball State University and the 2012 Missouri Communications Conference has scheduled the *MGT386 Advanced Crisis Communications Strategies for Public Safety Communications Supervisors* class for September 18 and 19 in Joplin. This training opportunity is being offered in conjunction with the 2012 Missouri Communications Conference which begins the afternoon of September 19 in Joplin. Refer to the attached [brochure](#) for registration information. Lodging and meal reimbursement will be provided for eligible individuals.

## **AAWR136 ESSENTIALS OF COMMUNITY CYBER SECURITY AND THE MGT384 THE EOC'S ROLE IN COMMUNITY CYBER SECURITY - October 2 and 3**

The Missouri Office of Homeland Security, in conjunction with Texas Engineering Extension Service (TEEX) and the Jefferson City Police Department has scheduled the *AWR 136 Essentials of Community Cyber Security* and the *MGT 384 The Emergency Operations Center (EOC's) Role in Community Cyber Security* classes for October 2 and 3 in Jefferson City. *The Essentials of Community Cyber Security* will be held from 8:00 a.m. - 12:00 p.m. on October 2 and is a prerequisite for attending the *EOC's Role in Community Cyber Security* course that will be held from 1:00 p.m. - 5:00 p.m. on October 2 and will finish on October 3 from 8:00 a.m. - 5:00 p.m. Lodging and meal reimbursement will be provided for eligible individuals.

## **SATELLITE BROADCASTS AND WEBCASTS**

### **UPCOMING SATELLITE BROADCASTS AND WEBCASTS**

Please see the [attached flier](#) listing upcoming satellite broadcasts. Contact Nick Goeke at 573-526-4388 or Debbie Nolan at 573-751-6344 with questions or to report technical problems.

## **LPHA JOB OPPORTUNITIES**

### **ASSISTANT DIRECTOR – Columbia-Boone County Department of Public Health and Human Services**

The Columbia-Boone County Department of Public Health and Human Services seeks an Assistant Director for a progressive, customer-service oriented, local public health agency in central Missouri. This senior-level position serves as assistant to the Director of Public Health and Human Services performing executive-level planning, organizing, directing, and evaluation of the department's divisions and programs. Candidates should have proven experience in team-building, quality improvement, policy development project, and fiscal management. An open, enthusiastic, innovative management style, is essential. The Columbia-Boone County Department of Public Health and Human Services, which consistently earns high marks in citizen satisfaction surveys, consists of 62.35 FTEs with an annual operating budget of \$6,738,314, and serves a city/county population of 162,642. Annual salary range for the position is \$68,981 - \$100,202. For a complete job description and an application, contact the City of Columbia Human Resources Department at 573-874-7235 or visit the city's website at [www.gocolumbiamo.com](http://www.gocolumbiamo.com). EOE M/F/D/V

**NUTRITIONIST - Howell County Health Department**

The Howell County Health Department is seeking applications to fill an open full-time Nutritionist position. The minimum qualifications include: bachelors degree in a nutrition related field with at least 15 semester-hours in food and nutrition, including at least one course in diet therapy, and one course in community nutrition. The applicants degree must be from an American Dietetic Association (ADA) approved institution. Send resumes and transcripts to the Howell County Health Department, 180 South Kentucky, West Plains, MO 65775.

**PUBLIC HEALTH NURSE SUPERVISOR – Kansas City Health Department**

The Kansas City Health Department Communicable Diseases Division has a Public Health Nurse Supervisor position available. This position will provide supervision of public health nursing or public health activities around sexually transmitted disease clinic, laboratory services, prenatal hepatitis B case management, the Human Papillomavirus (HPV) vaccine initiative, and/or coordinating and providing services for clients within these clinics. A required completion of an Associate Degree in Nursing (ADN) or diploma program in nursing and three years of experience as a registered nurse, OR registration or certification as a nurse practitioner or nurse clinician from a program recognized by the Missouri State Board of Nursing. Possession of a current license or temporary permit (for transfers from other states) as a registered nurse as issued by the Missouri Board of Nursing. A current license must be obtained by transfers within six months of the date of the permit issuance. The salary range is \$4,746-\$7,484 a month. The position will be open until filled. Apply on-line at [www.kcmo.org](http://www.kcmo.org). EOE. The Kansas City Health Department is an equal opportunity employer committed to a diverse workforce.

**COMMUNITY HEALTH NURSE – City of St. Joseph**

The City of St. Joseph is needing to fill the position of Community Health Nurse. Job duties include: provide nursing services for the community including prenatal case management, immunizations, sexually transmitted diseases (STD), lead case management, communicable disease, bioterrorism, emergency response and all other program services. See the attached [job descriptions](#) for additional details.

**EPIDEMIOLOGIST – City of St. Louis**

The City of St. Louis Department of Health is seeking applicants for Epidemiologist. This is professional work responsible for designing and conducting epidemiologic studies and research in order to investigate, identify, and analyze causes of diseases in the community and assisting with the development and implementation of policies and procedures for prevention and control programs. Applicants must have a Masters degree in Epidemiology, Public Health, Public Policy, or related field, and six months of professional experience in public health epidemiology which includes investigation, analysis, prevention, surveillance, and/or control of disease. Starting annual salary is \$54,860. For more information and to file an application, visit the City of St. Louis jobs website at [www.stlouis-mo.gov](http://www.stlouis-mo.gov) and link to "Online Jobs". The deadline for filing an application is June 22.

**VETERINARIAN TECHNICIAN – City of St. Louis**

The City of St. Louis Department of Health is seeking to fill several Veterinarian Technician positions. This is work under the direction of a licensed Veterinarian implementing protocols and procedures for animal care, kennel maintenance, sanitation, parasite and disease control, and other animal care practices within the policies and guidelines of the St. Louis City Animal Regulation Center. The applicant must attain Missouri State licensure within the first eleven months of employment. The salary range for this position is \$25,714 - \$38,038. Appointment may be made at a rate within the salary range based on qualifications. For more information and to file an application, visit the City of St. Louis jobs website at [www.stlouis-mo.gov](http://www.stlouis-mo.gov) and link to "Online Jobs".

**ADMINISTRATOR – Sullivan County Health Department**

The Sullivan County Health Department is seeking qualified applicants for the administrator position. This position answers directly to the Board of Trustees and directs the daily operations of the agency. Minimum qualifications for this position are a Masters degree in Public Health Administration or closely related health field. Qualified candidates should also have demonstrated leadership skills, thorough knowledge of laws and policies that govern local public health agencies, financial management abilities, knowledgeable in the areas of nutrition, nursing/medical terminology, disaster/emergency management and grant writing, and at least three years of experience preferred. Compensation depends on experience. Send resumes and references to the Sullivan County Health Department, 101 Hawthorne Drive, Milan, MO 63556. Please call 660-265-4141 with questions. Equal Opportunity Employer
